Ayham Kindakly

Front-end Developer

Work Experience

11/2023 - 01/2024

Freelance

Front-end Development

Collaborated with a client to transform their vision into a functional and responsive web application using Next.js, MongoDB, and Tailwind CSS. Additionally, developed an secure Admin panel to add, edit or remove items for the website.

06/2023 - 09/2023

Freelance

Front-end Development

Collaborated on a responsive, mobile-first web application where I developed and designed the front-end using React, implemented Bootstrap for styling, and incorporated an admin dashboard for website and employee profile management

07/2021 - 01/2022

Everphone GmbH | Berlin

Warehouse Specialist

Managed tasks using ERP system for receiving, storing, and shipping goods. Monitored warehouse inventory levels and collaborated with procurement for effective stock maintenance, ensuring streamlined supply chain operations
